CONFERENCE RUN OF SCHEDULE

OCTOBER 6 – 7, 2016
Synod Hall

OUR CONFERENCE VENUE

Our plenary conference sessions are taking place in the inspirational setting of the Synod Hall. This is normally reserved for meetings of the Synod of Bishops, a group of bishops chosen from different regions of the world who have met together periodically since 1965.

Gathered with the Pope in this chamber, the bishops have the opportunity to interact with each other and to share information and experiences, in the common pursuit of pastoral solutions which have a universal validity and application.

As stately as the Synod Hall is, it's also up to date. Energy is generated by solar panels on the roof, as is now the case throughout the rest of the Paul VI Audience Hall complex.

What should be the role for Big Business and Big Sports in crafting, supporting and executing the Sport for Humanity legacy? What can those within the 'industry' do to help spread these core values, and how might big business support sport to greater effect?
